Acting Chief, Management Branch

Office of General Counsel

Budget Estimates for Fiscal Year 1949.

Forwarded herewith are two copies of the Budget Estimates for Fiscal Year 1949.

You will note that we have combined the functional and flow charts into one, as I have never been able to determine where the one starts and the other stops in this office. We believe the other item that may raise doubt is the O2. or Travel Section. I should be glad to discuss this, or any other points with you at your convenience.
